

INSTALLATION GUIDE FOR CORINTH CLASSROOM LITE

Welcome to the installation guide for Corinth Classroom Lite. All necessary links can also be found at the Corinth Classroom Lite homepage and a video tutorial can be found [HERE](#).

Section 1 – Installing and launching the application

1. Click [HERE](#) to open the Windows Store listing for the app.
2. Click the Install button in the top left of the Windows Store listing to Corinth Classroom Lite to download it to your device.

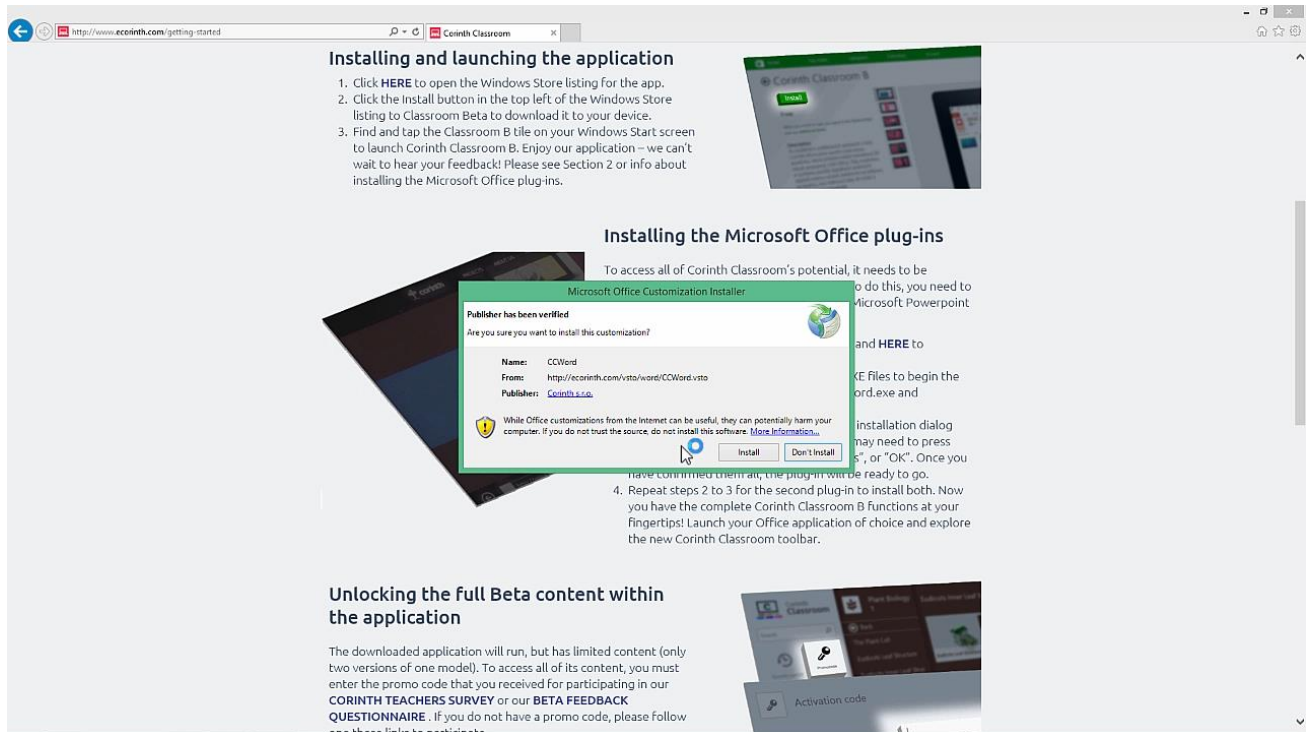

3. Find and tap the Corinth Classroom Lite tile on your Windows Start screen to launch Corinth Classroom Lite. Enjoy our application – we can't wait to hear your feedback! Please see Section 2 for info about installing the Microsoft Office add-ins.

Section 2 - Installing the Microsoft Office add-ins

To access all of Corinth Classroom's potential, it needs to be connected to Microsoft Office 2010 or 2013. To do this, you need to download and install our Microsoft Word and Microsoft Powerpoint add-ins.

1. Click [HERE](#) to download our Word add-in and [HERE](#) to download our Powerpoint add-in.
2. Run one of the downloaded .EXE files to begin the installation process. They are named CC_add-in_word_setup.exe and CC_add-in_ppt_setup.exe .

3. Next, you will need to confirm a variety of installation dialog windows. Depending on your device, you may need to press buttons labelled “More info”, “Install”, “Yes”, or “OK”. Once you have confirmed them all, the add-in will be ready to go.

Installing and launching the application

1. Click [HERE](#) to open the Windows Store listing for the app.
2. Click the Install button in the top left of the Windows Store listing to Classroom Beta to download it to your device.
3. Find and tap the Classroom B tile on your Windows Start screen to launch Corinth Classroom B. Enjoy our application – we can't wait to hear your feedback! Please see Section 2 or info about installing the Microsoft Office plug-ins.

Installing the Microsoft Office plug-ins

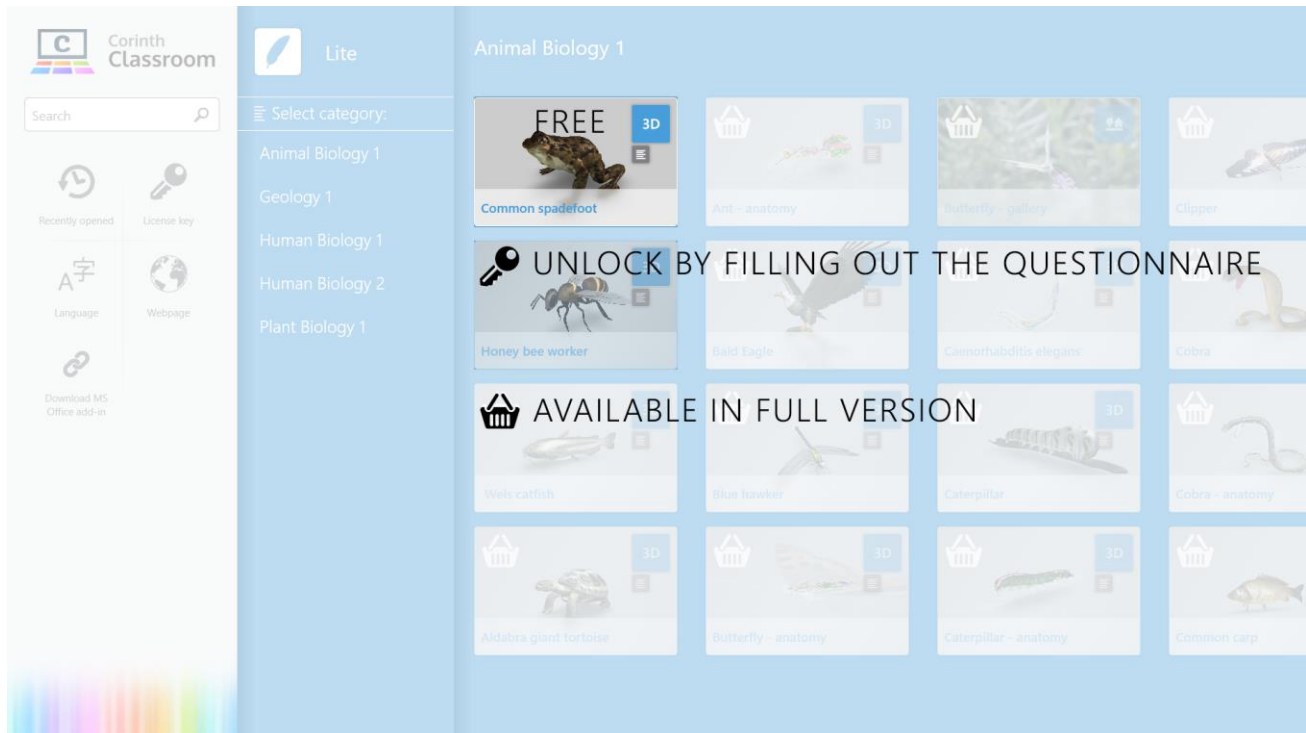

To access all of Corinth Classroom's potential, it needs to be installed on your Microsoft Office. To do this, you need to install the Microsoft Office plug-ins. For more information, see [HERE](#) to install the plug-ins. Once you have installed the plug-ins, you need to launch the Microsoft Office application. For more information, see [HERE](#) to launch the application. Once you have launched the application, you need to install the plug-ins. For more information, see [HERE](#) to install the plug-ins.

Unlocking the full Beta content within the application

The downloaded application will run, but has limited content (only two versions of one model). To access all of its content, you must enter the promo code that you received for participating in our [CORINTH TEACHERS SURVEY](#) or our [BETA FEEDBACK QUESTIONNAIRE](#). If you do not have a promo code, please follow [one of these links](#) to participate.

4. Repeat steps 2-3 for the second add-in to install both. Now you have the complete Corinth Classroom Lite functions at your fingertips! Launch your Office application of choice and explore the new Corinth Classroom toolbar.

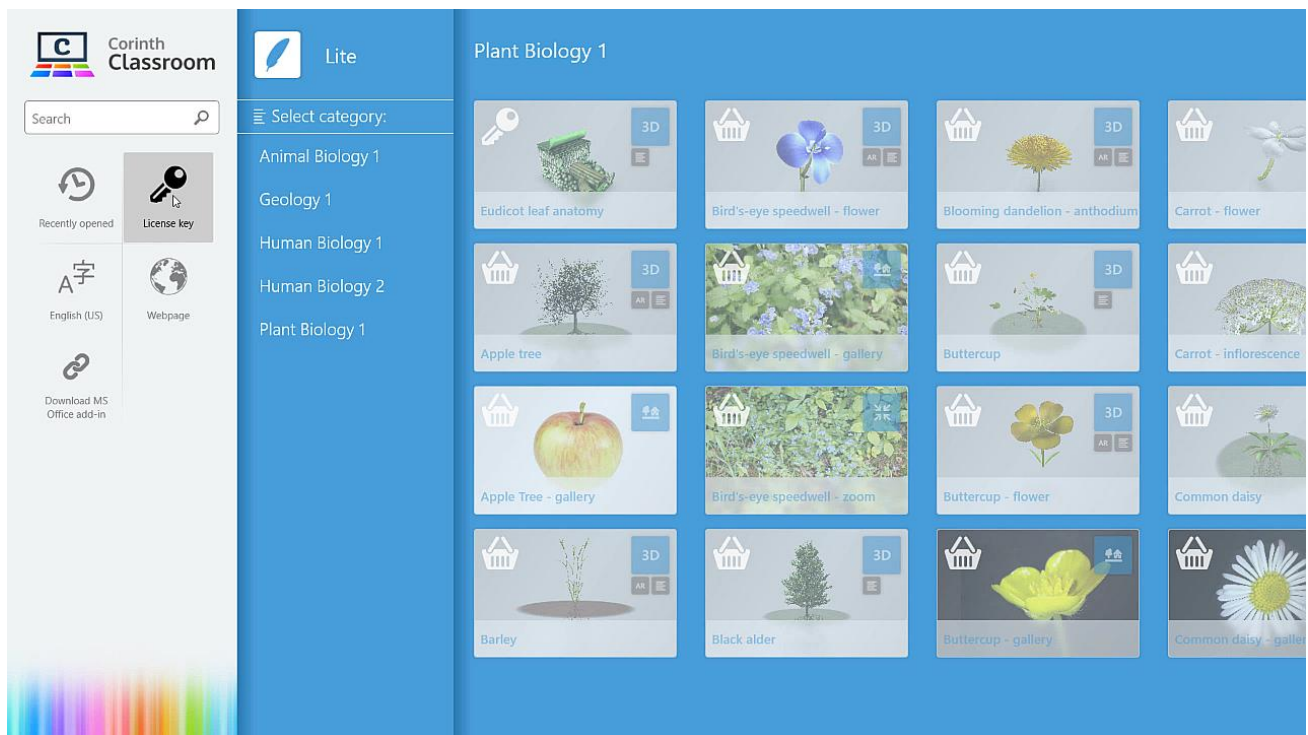

Section 3 – Unlocking the full Corinth Classroom Lite content within the application

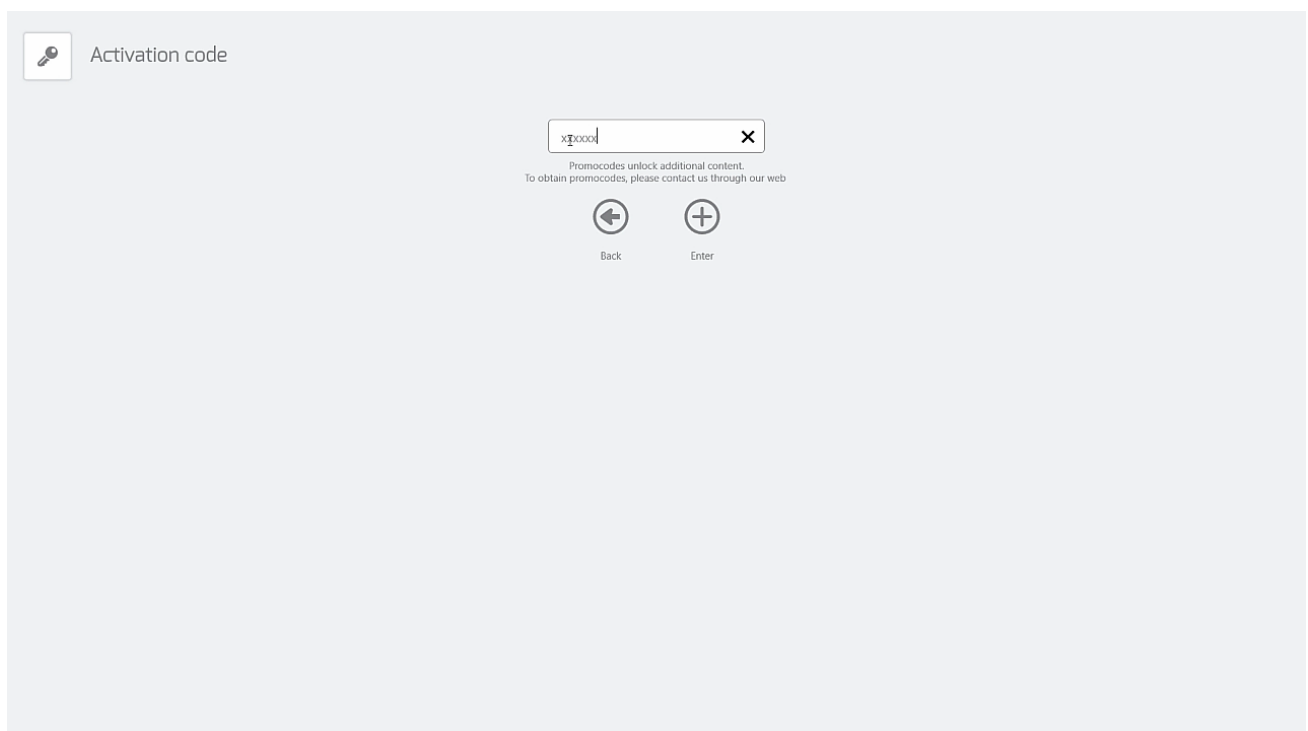

The downloaded application will run, but has limited content. There is three types of content. 5 models for free. Stuff with basket symbol is available only in full version of CC product, but u can watch video of this assets. Models with key symbol is unlockable by entering License key. If u dont have any, fill out questionare and will send you code by email.

To enter the promo code:

1. Open the Corinth Classroom Lite app

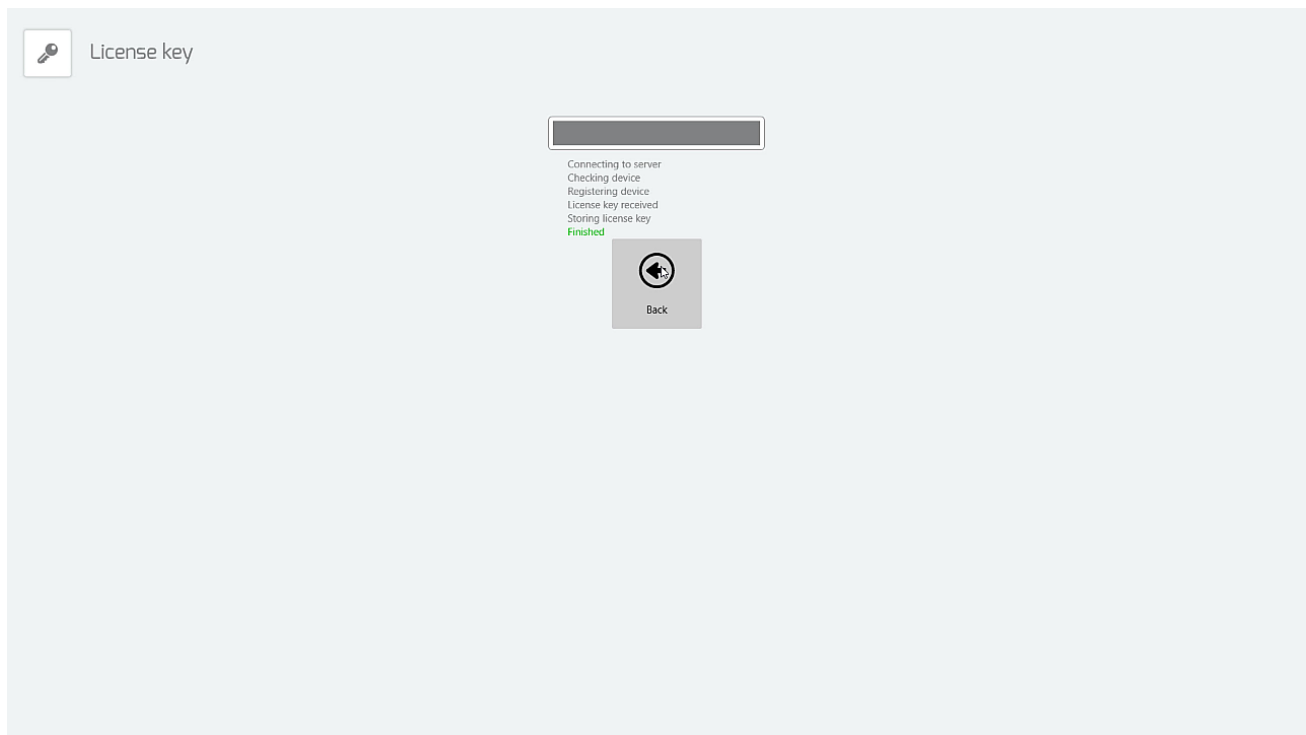

2. From the app's home screen, click the License key button in the bottom left.

3. Type your License key into the pop-up window and then hit the Enter button.

4. It should only take a few moments to verify your code. As soon as the last line of text reads “Finished”, you can click the Back arrow to return to the home screen. Congratulations! You have now unlocked the full Lite app.

Thank you for using Corinth Classroom! If you have any questions, problems or additional comments, please contact us [HERE](#).
